

Birch Class Home Learning Menu Spring Term 1

Choose one of the project activities for your topic on 'Europe' from the menu below to complete this half term. Hand it in once you have completed it or by **9th February**. Remember to take pride in your learning and the work you produce. Don't forget to practise your reading, timetables and number facts regularly!

Times tables (Complete weekly)

Practise your multiplication and division facts and try to improve your ability to recall these quickly. Use the websites below to help you.

Use www.topmarks/timestables

Purple Mash

www.mathsframemultiplicationtablescheck

Adjust the difficulty by selecting the tables you know so far and test your knowledge. Keep working hard on learning your tables and include more of the tables as you know them

or

Times Tables Rock Stars

Activity 1

Topic

Create a fact file, poster or power point about a European country. Show key facts- location, population, language, physical features (mountains, rivers and lakes), famous landmark, foods, currency and native animals.

Activity 2

Go on a culinary journey! Europe is full of fabulous food, and is famous for many delicious dishes. Select a country or region in Europe and research a local dish that you can prepare at home. Make sure and get your parents' permission and/or assistance.

Unfortunately, we won't be able to taste your European treat. So to share, please bring in a description of your dish, using lots of exciting adjectives so that we imagine what it tastes like! You could write the instructions of how you made it. These will go up on our working wall, so photos are also very welcome.

Activity 3

Literacy

If you could go anywhere in Europe where would you choose to go and why?

Design and make a postcard that could be sent from your chosen place. Write it as if you were there.

- Describe where your chosen place is.
- What can you see and hear at your chosen place?
- Why would you like to visit?

Activity 4

DT

Make your own 3D model of a European Landmark. For example The Leaning Tower of Pisa, Big Ben or the Eiffel Tower.

or use this web link

<https://www.youtube.com/watch?v=l2Int0q4uxY> to learn to draw the Eiffel Tower.
